

SABG Bulb & Seed Exchange 2026

Below are listed all bulb and seed donations. It has been a difficult year, particularly for seed, and the number of items donated is down further from last year; we should all thank the members who have donated material. As always, some seeds and bulbs/corms are in extremely short supply. Whilst we will try to fulfil all requests, it is hard to split a single bulb six different ways.

Naming

Species are listed below using the names provided by the donors. In a few cases, the spelling of names has been corrected, but as a voluntary organisation with limited resources, please bear in mind that we are not able to check the accuracy of these identifications. I have included *Polyxena* within *Lachenalia*. Plants we have previously grown as *Empodium flexile* or *E. namaquensis* are now ***Empodium elongatum***. Plants we have previously grown as *E. plicatum* are now ***Empodium flexile***.

Ordering

On receipt of the list, please send your wishlist to me, Jon Evans, 46 Upper Way, Farnham, Surrey, GU9 8RF, UK, or to jonevans46.uw@btinternet.com. I **will** acknowledge every email request I receive, usually within 24 hours, so if you don't receive a response, please try again, and copy in the secretary, Richard White (richard@sabg.uk) – your request may have vanished into the ether. However, **please note that I will not have access to email on 23rd August**, so there will be a short delay before I can acknowledge early requests. Please get your requests back to me **by 31st August**, as I will start dispatching items in early September.

Your request should include:

- **Your postal address**
- **Up to 10 first choices.** I will try to satisfy everyone's first choices before looking at additional items requested.
- **Any other items** you would like to receive. There is no limit to how many items you may request.

Please order by using the **numbers** alongside the descriptions. If you want a particular species but don't care which donation, just give the name of the plant and 'Bulb' or 'Seed'.

If you have not donated bulbs or seed, the Committee expects you to make a donation to cover the cost of postage and packing. The following table suggests minimum amounts:

Order	Minimum
seed only or < 10 items	£4.00
> 10 items	£6.00
Overseas	Shipping cost confirmed by email

No large bulbs eg *Nerine*,
Veltheimia, some *Haemanthus*

You can send **cheques** drawn on a UK bank or UK postal orders payable to "SABG" , or make a **bank transfer** to 'Southern African Bulb Group', sort code 60-01-31, account number 59755709. In the latter case, please specify your name as the reference so that we know who it's from. Please don't send postage stamps.

PayPal

We cannot directly accept credit or debit card payments, but if you have a PayPal account you can pay that way. Overseas members may find this helpful. The details of how to make a payment are sometimes changed and can vary between devices, so the instructions below are only intended as a guide. The important details are shown in **bold type**. (You may find it's possible to use PayPal to send to our bank account (via a Xoom account), but we have no experience of this.)

To use PayPal to send money to the SABG PayPal account, log into your PayPal account using the PayPal mobile app or a Web browser, tap on "Send and pay", then "Send to a PayPal account" (or click on "Send & Request", then "Send and request money") and enter the address **pay@sabg.uk** or the user name **@paysabg** into the box. You should see the name "**Southern African Bulb Group**", so tap or click on this. You will then see a box to enter the amount to pay, in £ (GBP), and space to "Add a note". Entering the amount to pay seems to vary between devices, so watch carefully where the decimal point appears as you type!

Please add a brief note describing what the payment is for, e.g. 'Exchange 2026'. Include your name in the note if your PayPal account uses a name which we might not recognise. Tap or click on "Send". The review panel before you actually commit should then show "**Goods and services**". If it says "For friends and family", tap on this and select "**For goods and services**". A "shipping address" may be shown, but I won't see this, so make sure you sent me your postal address with your order. Click on "Send".

Overseas Members

We are only able to send material to overseas addresses in ways complying with their government's regulations (i.e. no mis-labelling of contents etc.), and only when conforming with those regulations is neither too onerous, nor expensive. We expect the relevant member to be able to guide us in following their government's requirements. Although we'll do our best to comply with the regulations where possible, we cannot be held responsible for any bulbs or seeds which are confiscated.

A Phytosanitary certificate is now required to send packages to the EU, and to Australia. This would be expensive and a difficult administrative burden, and we regret that as a result we are unable to send bulbs or seeds to EU or Australian addresses at this time.

Donors

Donors' initials are shown against each description, as follows:

AH	Alex Hurel	HS	Hamish Sinclair	NJ	Nigel Jones
AM	Anthony Murphy	JB	Jackie Bannister	NP	Nick Pengelly
AT	Aiko Talens	JE	Jon Evans	PC	Paul Cumbleton
