

## SABG Bulb & Seed - Ephemeral Exchange 2022

Below are listed all bulb and seed donations, including items promised to be available shortly. The delay to the exchange has proved well worthwhile – the donors have managed to collect many more packets in the last two weeks.

Please note that several items are already in a quite advanced state of germination, and will need rehydration and careful treatment for any chance of success. Remember these fleshy Amaryllid seeds need to be pressed gently into the surface of damp sand, not covered, but kept slightly moist, for successful germination.

Please remember that many of these seeds and bulbs/corms are in extremely short supply. If seeds are small, I try to send a minimum of three; with larger seeds you may only get one seed. Whilst we will try to fulfil all requests, it is hard to split a single bulb or seed six different ways. Species are listed below using the names provided by the donors.

On receipt of the list, please send your wishlist to me, Jon Evans, 46 Upper Way, Farnham, Surrey, GU9 8RF, UK, or to [jonevans46.uw@btinternet.com](mailto:jonevans46.uw@btinternet.com) .

- There is no limit to how many items you may request, but **please mark five first choices**.
- Requests must be made by **18th** November.
- Please order by using the numbers alongside the descriptions.
- Remember to add your postal address.

If you have not donated bulbs or seed, the Committee expects you to make a donation to cover the cost of postage and packing. This table tries to give some idea of the relevant amount:

Order	Minimum
seed and small bulbs only	£2.50
including <i>Rhodohypoxis</i> or larger bulbs	£5.00

You can send cheques drawn on a UK bank or UK postal orders payable to "SABG", or make a bank transfer to 'Southern African Bulb Group', sort code 60-01-31, account number 59755709. In the latter case, specify your name as the reference so that we know who it's from. Please don't send postage stamps.

### PayPal

We cannot directly accept credit or debit card payments, but if you have a PayPal account you can pay that way. Overseas members may find this helpful.

To use PayPal, log into your own PayPal account using a Web browser or the PayPal mobile app, click on "Send" (or "Send & Request", then "Send Money") and enter the address **pay@sabg.uk** in the box. Alternatively, you can type **paypal.me/paysabg** into your Web browser's location bar (not the Search box),

but you will be asked to log into your PayPal account anyway if you haven't done so already.

You should see “@paysabg”, the SABG Lachenalia logo and "Southern African Bulb Group", and a space to enter the amount to pay, in £ (GBP). You may only be able to enter digits for the pounds and pence, not a period ".", so watch carefully where the decimal point appears as you type!

Please add a brief note describing what the payment is for, e.g. 'Exchange 2022'. Include your name if your PayPal account uses a name which we might not recognise. Select or accept "**Paying for an item or service**". If it says "Sending to a friend or to family", click on "Change" and select "Paying for an item or service". A "shipping address" may be shown, but I won't see this, so make sure you sent me your postal address with your order. Click on "Send money now".

## Overseas Members

We are only able to send material to overseas members in ways complying with their government's regulations (i.e. no mis-labelling of contents etc), and only when conforming with those regulations is neither too onerous, nor expensive (e.g. we cannot issue Phytosanitary certificates etc). We expect the relevant member to be able to guide us in following their government's requirements. Although we do our best to comply with the regulations where possible, we cannot be held responsible for any bulbs or seeds which are confiscated.

A Phytosanitary certificate is now required to send packages to the EU, and to Australia. This would be a difficult and expensive administrative burden, and we regret that as a result **we are unable to send bulbs or seeds to EU or Australian addresses at this time.**

We are participating in endeavours with other UK gardening societies to lobby the UK government to change the regulations to facilitate international seed exchange, but the import requirements set by the EU are outside the control of the UK government, and are unlikely to be affected by any changes.

Donors' initials are shown against each description, as follows:

<b>AM</b>	Anthony Murphy	<b>GE</b>	George Elder	<b>MS</b>	Michelle Swann
<b>BH</b>	Barry Hennessey	<b>JE</b>	Jon Evans	<b>MW</b>	Mark Wessels
<b>BM</b>	Barry Maslin	<b>JH</b>	Jonny Hartnell	<b>PF</b>	Paul Flowers
<b>CL</b>	Chris Lovell	<b>JL</b>	John Lee	<b>UU</b>	Uli Urban
<b>ER</b>	Erle Randall				

The Source column in the following tables gives the original source of the material as given by the donor. Any other information provided by the donor is shown in the Notes column.
