

SABG Bulb & Seed - Ephemeral Exchange 2025

Below are listed all bulb and seed donations, including items promised to be available shortly.

Please note that several items are already in a quite advanced state of germination, and will need rehydration and careful treatment for any chance of success. Remember these fleshy Amaryllid seeds need to be pressed gently into the surface of damp sand, not covered, but kept slightly moist, for successful germination.

Please remember that many of these seeds and bulbs/corms are in extremely short supply. If seeds are small, I try to send a minimum of three; with larger seeds you may only get one seed. Whilst I will try to fulfil all requests, it is hard to split a single bulb or seed six different ways. Species are listed below using the names provided by the donors.

On receipt of the list, please send your wishlist to me, Jon Evans, 46 Upper Way, Farnham, Surrey, GU9 8RF, UK, or to jon@sabg.uk. I **will** acknowledge every email request I receive, usually within 24 hours, so if you don't receive a response, please try again, and copy in the newsletter editor, Richard White (richard@sabg.uk) – your request may have vanished into the ether.

- There is no limit to how many items you may request, but **please mark five first choices**.
- Requests must be made by **Friday 14th November**.
- Please order by using the numbers alongside the descriptions.
- Remember to add your **postal address**.

If you have not donated bulbs or seed, the Committee expects you to make a donation to cover the cost of postage and packing. This table tries to give some idea of the relevant amount:

Order	Minimum
seed only	£4.00
no large bulbs	£4.00
incl Rhodohypoxis or larger bulbs	£5.00
Overseas	I'll let you know the cost for P&P

You can send cheques drawn on a UK bank or UK postal orders payable to "SABG", or make a bank transfer to 'Southern African Bulb Group', sort code 60-01-31, account number 59755709. In the latter case, please specify your name as the reference so that we know who it's from. Please don't send postage stamps.

PayPal

We cannot directly accept credit or debit card payments, but if you have a PayPal account you can pay that way. Overseas members may find this helpful.

To use PayPal, log into your PayPal account using a Web browser or the PayPal mobile app, click on "Send" (or "Send & Request", then "Send Money") and enter the address **pay@sabg.uk** or the user name **@paysabg** into the box. You should see the SABG Lachenalia logo and "Southern African Bulb Group", and a space to enter the amount to pay, in £ (GBP). You may only be able to enter digits for the pounds and pence, not a period ".", so watch carefully where the decimal point appears as you type!

Please add a brief note describing what the payment is for, e.g. "Exchange 2025" Include your name if your PayPal account uses a name which we might not recognise. Select or accept **"Paying for an item or service"**. If it says "Sending to a friend or to family", click on "Change" and select "Paying for an item or service". This ensures that we do not fall foul of PayPal's rules. **A "shipping address" may be shown, but I won't see this, so make sure you sent me your postal address with your order.** Click on "Send money now".

Overseas Members

We are only able to send material to overseas addresses in ways complying with their government's regulations (i.e. no miss-labelling of contents etc.), and only when conforming with those regulations is neither too onerous, nor expensive. We expect the relevant member to be able to guide us in following their government's requirements. Although we'll do our best to comply with the regulations where possible, we cannot be held responsible for any bulbs or seeds which are confiscated.

A Phytosanitary certificate is now required to send packages to the EU, and to Australia. This would be expensive and a difficult administrative burden, and we regret that as a result we are unable to send bulbs or seeds to EU or Australian addresses at this time.

Donors

Donors' initials are shown against each description, as follows:

AA	Ashley Allshire	GE	George Elder	NH	Neil Hubbard
AMo	Ahmed Mohsin	JE	Jon Evans	NJ	Nigel Jones
AM	Anthony Murphy	JH	Jonny Hartnell	PF	
CG	Carl Garnham	JL	John Lee	RL	Roland Ludwig
CL	Chris Lovell	MWa	Maciej Wacławski	UU	Uli Urban
ER	Erle Randall	MW	Mark Wessels	WR	Will Rook

The Source column in the following tables gives the original source of the material as given by the donor. Any other information provided by the donor is shown in the Notes column.
